

DOG to DOG COMMUNICATION CLASS

- Have you been nervous about introducing your dog to other dogs?
- Have you always wanted to understand what your dog was saying to another dog?

If you said “yes” to either question, this class is for you.

This course is a place for dogs with aggression issues to begin to become “re-socialized” with other dogs and for owners to understand aggressive behavior. You CAN and WILL accomplish those goals in this class. If your dog has issues being with other dogs this is a MUST TAKE class. Your dog will learn new techniques for talking nicely with other dogs.

ALSO: If you are a dog lover or involved with dogs in any way, this course will teach you how to read and speak dog language. You will graduate from class with a deep understanding of what dogs say to each other and how they say it! Enhance your career or your day at the dog park.

The course is divided into two sections. The first part covers theory (No dogs the first two weeks of class). The second part is supervised, structured SAFE playtime to allow the dogs to build new interactive skills with other dogs. Learn the causes and signs and solutions to dog-to-dog aggression. Class is limited to 10 participating dogs.
